

CDE2243 INTERNET OF THINGS PROJECT (25%)

Authenticity Declaration

I hereby declare that this Project submitted as part of the requirements for the course CDE2243 Internet of Things Semester 1 2025/2026 is my own original work.

I affirm that:

1. Originality of Work

- This report has been written and prepared solely by me.
- No portion of the work has been copied, reproduced, or paraphrased from any other source without full and proper acknowledgement.

2. Plagiarism and Collusion

- I understand that plagiarism (using another person's ideas, words, or work without proper citation) and collusion (working with others without authorisation) are serious academic offences.
- I confirm that this work does not contain any plagiarised material and has not been produced in collaboration with any other student unless explicitly permitted.

3. Use of Artificial Intelligence (AI) Tools

- I acknowledge that while AI tools (such as Generative AI, paraphrasing software, or code assistants) may be used responsibly for learning and support, all substantive analysis, arguments, and writing in this report are my own.
- Where AI tools have been used (for example, grammar checking, coding assistance, or idea generation), I have exercised academic judgment, verified the content, and taken full responsibility for the final work.
- I understand that unacknowledged or inappropriate use of AI constitutes academic misconduct.

4. Previous Submission

- This work has not been submitted previously, in whole or in part, for assessment in this or any other course, either at this institution or elsewhere.

5. Accountability

- I am taking full responsibility for the integrity and accuracy of this report and any consequences arising from academic dishonesty.

I understand that academic dishonesty, including plagiarism, is a serious offence and may result in disciplinary action by the university.
